Overview

Michael advises investors, *Fortune* 500s, and startups on global data privacy and security risks inherent in new technology adoption, implementation, and development. Michael also drafts and negotiates specialized agreements enabling domestic and cross-border data transfers.

Michael also has experience representing emerging and growth-stage companies with debt and equity financings and merger and acquisition transactions.

Michael is certified by the International Association of Privacy Professionals (IAPP) as a certified information privacy professional (CIPP/E/US) and certified information privacy manager (CIPM).
